

Yes, you do, if that means you have sold your listing and need to use your code for a new one!

Your Goomzee Text Messaging and QR Codes are reusable. Once you have sold a listing you should expire its campaign and reassign that Goomzee Code (GCode) to your next listing. This allows you to reuse your signage as well.

This is very easily done. Here are a couple of different ways to expire a campaign. Start at your *My Campaigns* tab within your Goomzee web admin account:

- Setup wizard
- Add new features...
- Publish from listings
- Publish manually
- View my campaigns

43 inquiries in June 2010

Jun 2010						
Sun	Mon	Tue	Wed	Thu	Fri	Sat
			2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30	4		

1. Check the box on the left of the campaign then select the *Expire* button at the bottom. It will ask you to confirm; select Yes. – OR –

2. On the far right hand side of your campaign there is a little garbage can. Selecting this will expire your campaign as well. Select Yes to confirm.

These options are highlighted in the screen capture on the next page.

<input type="checkbox"/>	Create campaign	367031		Jeff Lasky	0	0	N/A	<input type="checkbox"/> <input type="checkbox"/>

Print all

Annotations: Check box, Expire button, Trash can (lit for active campaigns)

Once you have expired your campaign you will see the address that the GCode was previously assigned to italicized and grayed out where the campaign title normally displays. This is there for your convenience so after you have expired your campaign you know where the sign is so you can remove it.
